The Ultimate Backpacking Guide

Backpacking is more than just a way to travel. It is an immersive experience, offering once in a lifetime opportunities to explore the world on your own terms.

Prioritising chance encounters, flexibility and a genuine connection to the places visited, there are many benefits to this style of travel.

Travelling lightly with just a backpack opens up exploration to more remote areas, where you can actively engage with local communities.

Budget considerations will come into play here, as some countries are considerably cheaper than others.
